

Erasmus Mundus Joint Master Degree PLANTHEALTH

Intake 7 (Academic years 2022-2024)

List of candidates selected to participate in the master on a self-funding basis

The candidates of the list below fulfil the PlantHealth admission requirements and therefore are invited to register on a self-paying basis in the PlantHealth master Intake 7 (2022/2024).

Participation in the master on a self-funding basis:

Self-funded candidates are either self-paying students or students who have been awarded a scholarship from another scheme (different from the PlantHealth Erasmus Mundus scholarship).

Participants in the Self-funded modality must cover their Participation Costs as well as travel, accommodation and living costs.

Registration procedure for self-funding candidates:

Places are limited and will be filled in strict order of registration.

To reserve a place in the master please send an email to planthealth@upv.es.

The deadline to formalize the reservation of a place is 10th May 2022.

Funding possibilities:

There are different funding opportunities available for master studies:

- EU-funded Erasmus Mundus scholarships
- Scholarships from public and private entities
- Other funding options:
 - Erasmus Mundus Master Loans (for EU citizens)
 - Private funding from companies and international organizations of the plant health sector.

This website contains some examples of other funding possibilities for your master studies (see section “other scholarships”): <https://www.planthealth.upv.es/web/apply/financial-support/>

Applicants are encouraged to search for external funding as early as possible.

The EU-funded Erasmus Mundus scholarships:

All applicants that fulfil the master admission requirements will be AUTOMATICALLY considered as applicants to the Erasmus Mundus scholarships. Therefore to be considered for the award of an Erasmus Mundus scholarship it is NOT necessary to register on a self-paying basis.

The available Erasmus Mundus scholarships will be awarded to the best candidates according to the evaluation criteria: <https://www.planthealth.upv.es/web/apply/selection-procedure/>

The list of candidates that will be awarded an Erasmus Mundus scholarship will be published within the next weeks on the PlantHealth website. Selected candidates will be also contacted by email.

List of candidates that fulfil the PlantHealth admission requirements

APPEAL PROCEDURE

Candidates are expected to read the Admission Requirements, the Selection Criteria as well as the Application Procedure carefully before submitting an appeal:

<https://www.planthealth.upv.es/web/apply/application-procedure/>

Please note that:

- Candidates who failed to provide the required documents within the established timeframe may not submit an appeal.
- Candidates who followed the Application Procedure and respected the Deadlines but were denied selection due to unmet Selection Criteria and have reasons to believe that a mistake has been made during the selection procedure have the right to appeal the Selection Board's decision.

The appeal procedure is concerned with how your proposal was handled in the evaluation and eligibility-checking process. It is not an automatic re-evaluation. Please note that new information or clarifications that should have been in the proposal will not be taken into consideration.

If after reading the above-mentioned conditions you still have reasons to believe that a mistake has been made, please send an email to planthealth@upv.es explaining your claims within the appeal period. We will evaluate your case individually and notify you as soon as a decision has been made. The appeal period for Intake 7 general selection results opens as from 9th March 2022, until 15th March 2022 (12.00 CET).
